

This distribution guide is intended to help care providers in different care settings educate their patients on how to navigate virtual healthcare. Telehealth has grown in popularity during the COVID-19 pandemic and has many benefits. It saves travel time and transportation costs, increases access to specialists and for second opinions, and can take place almost anywhere a patient can have a private conversation.

- Post the infographic in waiting rooms, by or inside elevators, and in the cafeteria or break areas.
 - Include the infographic in admission packets.
