

Speak UpTM To Prevent Falls

Take care of your health

- Exercise regularly. It builds strength and some exercises can improve your balance.
- Prevent dehydration. It can affect your

Speak UpTM materials are intended for the public and have been put into a simplified (i.e., easy-to-read) format to reach a wider audience. They are not meant to be comprehensive statements of standards interpretation or other accreditation requirements, nor are they intended to represent evidence-based clinical practices or clinical practice guidelines. Thus, care should be exercised in using the content of Speak UpTM materials. Speak UpTM materials are available to all health care organizations that are accredited by the Joint Commission.
